Subject: Charity Commission RE: CORAM'S FIELDS AND THE HARMSWORTH MEMORIAL PLAYGROUND - 302963 CRM:0184714

Dear Weil, Gotshal & Manges (London) LLP,

RE: CORAM'S FIELDS AND THE HARMSWORTH MEMORIAL PLAYGROUND - 302963

Thank you for your email dated 24th September 2020. We appreciate the time you have taken to notify us of your concerns relating to allegations of mismanagement and breaches of the charity's governing document.

We have fully considered your concerns and have decided to retain the information you have provided on the charity's records. This means that we will reassess this matter should further information come to light, but we are not engaging directly with the charity at this time.

All of the information we receive is kept on file which helps the Charity Commission build up a picture of the way a charity is managed. These records help us give advice and guidance to charities when it is appropriate to do so, and inform our regulatory work identifying issues and threats of harm both to the general public and sector as a whole.

We would like to thank you for the time you have taken to contact us. By taking time to raise this issue, you are helping the Charity Commission build and inspire trust in the sector.

Yours sincerely,

Sophie Smith
